STARS OF ONYX

Stereophonics Tribute Band

BAND OVERVIEW

ABOUT THE BAND

Formed in 2023, Stars Of Onyx brings together five musicians with a shared passion for Stereophonics. From their most intense rock songs to melodic, melancholy ballads, the band pays tribute to the Welsh group's full musical range. With arrangements as faithful as possible to the original recordings, Stars Of Onyx delivers a live show in which powerful guitars leave plenty of room for the emotion of the songs. A name with a touch of self-deprecating humour, for a heartfelt tribute.

LINE-UP
